Lost:

Let's not call it stolen yet: Some one cut the cable that held my mountain bike to the bike rack in front of Bldg. 2302. I have kept the bike in that location and used it occasionally in the evening to perform work on Patch for the last year. The bike is now missing but the person who did the cutting was gracious enough to leave the cut cable in place on the bike rack. If you took my bike by mistake, please return it. (I noticed a similar lock and cable on the ground next to my cut cable) If you have destroyed it or discarded it, please be Adult about it and leave a note for me on the bulletin board in the mall side of 2302.
